

The Cotillion News

Interesting News and Facts for the Lehigh Valley Cotillion Dance Club March 2015

Members, please join me in thanking Terry Pundiak for "stepping up to the plate"! Terry graciously agreed to help build and maintain our new website. This is a major addition to the Lehigh Valley Cotillion which is steeped in history from the 1940's. The website will not only give us a larger presence in the valley but it will be a useful tool for our members. Right now we have a working basic sight with some interesting items including past newsletters and soon to me membership contact list. This list will be positioned in a "members only" section that only you can access. In the future, we plan on putting maps or directions to our venues, all future dance dates and even info on our bands. We anxiously await your input and ideas on what you would like to see on this site. Terry writes: "The current site is a collection of photos and newsletters and videos... it holds a great potential to have more fun with the club... maybe learn more about each other, share photos, videos, and comments".

The location on the internet is "www.CotillionDance.com" ... plug that into your "browser" and it should get you to home page...

Whadaya mean I'm over the hill!
I can't be "over the hill"? What hill? I never saw a hill?

Terry Pundiak
Webmaster

Our Next Dance

Our next dance will be held on Friday, March 6th, at The Econolodge in Allentown, PA. We will be dancing to the sounds of :

By Request
